ABOUT ME

I am passionate and always working towards unconventional, creative solutions unique to advertisers and consumers. I have never had enough of what I know, learning for me is an endless journey and exploring new things and trying them is part of my daily work. I promise not to give you vulgar and traditional ideas for your brands and products. I think that the Arab consumer does not get the ads that reach his aspirations.

EDUCATION

2003 ● Secondary
2004 I studied high school

EXPERIENCE
